Stanford University Medical School
Palo Alto, California 94305

Dear Joshua:

Many thanks for sending me the columns "Science and Man." As I expected, they are exceptionally interesting and pertinent. I am sorry that they do not appear in San Francisco newspapers for all of us to read, but if they have to be printed in one newspaper, the Washington Post probably influences more Congressmen than any other paper.

Sincerely,

JULIUS H. COMROE, JR., M.D.
Director
